Building For a Brighter Future

This year's theme at SHINE Benefit Gala & Auction is ***Building For a Brighter Future***. Tens of thousands of families rely on Sunshine Division for immediate food assistance every year, and two-thirds of the clients we serve have children in their households.

Sunshine Division has been alleviating hunger for families across the Portland metro area for 102 years. The number of households coming to us for food has grown exponentially in the past decade, and we continue to make the most of our resources to meet the ever-growing need.

In the past five years, we have expanded our programs to better serve families with children facing hunger in our community. We partner with schools across the Portland metro area to distribute food through various initiatives, including our Summer Food Box Program; we provide easy-to-prepare food bags every week for at-risk students who attend Community Transition School; and tens of thousands of clients who rely on our services are receiving food not only for themselves but for their kids.

Your sponsorship plays a vital role in our ability to continue serving local families and improving our programs focused on feeding hungry children.

In-Kind Sponsorship & Donations

In-kind donations play a major role in Sunshine Division's daily operations. We are grateful for the multitude of resources our supporters continue to offer Sunshine Division to ensure equitable access to food. In-kind donations help Sunshine Division access goods and services that would otherwise be unaffordable, or the donation might free up resources that could be spent on direct client programs and support.

What are in-kind donations?

An in-kind donation is a non-cash gift made to a nonprofit organization, including goods, services, time, and expertise. Individuals, corporations, and businesses can all make in-kind donations.
